INSTALLATION INSTRUCTIONS

- 1 Unpack fixture, and all parts, make sure all tools and parts necessary to install it are available.
- 2 Figure out at what height you want the fixture to be at.
- 3 Fit rod (s) assembly to desired length. 6", 9", 12" rods supplied or any combination of these.
- 4 Connect the rod (s) to the fixture, sliding the wire through the rod (s) tighten as needed using a pliers .
- 5 Loosen the allen nut on the slide holder and drop on the rod with the canopy.
- 6 Connect the crossbar to the rod then to electrical box (make sure box is able to support the weight.)
- 7 Take last look, making sure, it is at the desired height.
- 8 Connect ground wire and the neutral and live wires (must be done by qualified electrician)
- 9 Push canopy back into ceiling and slide holder and screw using the allen key to hold the canopy in place.
- 11 Add light bulbs and then add crystal. See opposite page for details for the crystal.
- 12 Congratulations on your new chandelier
